NB

An invitational qualifying event will be held to fill the two remaining places for the European Championships

Brunswick[®] B

BOWLING AND BILLIARDS (U.K.) LTD

A warm welcome to the 40th BTBA National Championships

'WOW' 40 years of commitment sends out a clear message to everyone outside our Sport. The dedication and commitment of our players and officials is exemplary.

Over the years the style of bowling equipment has changed immensely but the actual skills and ability have steadily developed to a fine edge and materially no different from the game of 40 years ago.

I remember well my 40th birthday, a "celebration to end all celebrations". I hope your 40th tournament is also one that will be remembered in years to come as the highlight of this great tradition of National Championships.

Brunswick, having been in business for 153 years developing into a \$4 billion Multinational Corporation, totally structured on the leisure business. We here at Brunswick have never forgotten our commitment to you, the bowler, we have developed cutting edge technology products to enhance and improve your game. We are determined to continue to provide you with the very best innovative products in bowling for the foreseeable future.

Brunswick is proud of its elite position as the No 1 Company in the bowling industry and with your continued support we will together build on this strong foundation for the future.

Our Sport continues to gain international acclaim. Good luck to you in the tournament.

Terry Fawdington

A Message of Welcome
From
Pat White
Chairman
British Tenpin Bowling Association

On behalf of the National Council it is always my sincere pleasure to welcome all participants and their supporters to the Annual National Championships and, especially so this year, the 40th Anniversary.

To our hosts, Megabowl, I would like to offer sincere thanks for the hospitality and co-operation extended to us during the Championships, and to our brochure Sponsors Brunswick, I would like to express my gratitude for their continued support. It is the quality of support and co-operation which does so much towards making the Nationals a weekend to remember for all concerned.

Good luck and good bowling to all.

Welcome to the
40th BTBA National Championships
from the
Tournament Manager
Bernie White

I am looking forward to renewing many old acquaintances and meeting new participants in Chelmsford during the 2001 Nationals and, feel sure that my Tournament A Team will work with the Megabowl staff to provide an enjoyable event for all participants and their supporters.

Good wishes to all concerned for the best of bowling.

Introducing Demolition Zone™. Brunswick's newest "wrecking ball".

Demolition Zone levels the playing field — literally — blowing away pins and competition alike.

Its reaction: a perfect fit for most high-performance bowlers, delivering plenty of length and a big backend. The result: controlled destruction of everything in its path.

Raze the roof and let 'er rip.

BRING THE HOUSE DOWN

An explosion waiting to happen: The added length of Demolition Zone's

high-tech core system acts as a longer fuse, delaying the blast of backend

reaction from Brunswick's PowrKoil 18™ Reactive coverstock.

Coverstock: PowrKoil 18 Reactive | RG Max: 2.579 | RG Min: 2.531 | RG Diff: 0.048 | RG Avg: 4.5 | Hook Potential: 105 | Length: 105 | Typical Breakpoint Shape: 75

WE INNOVATE. THEY IMITATE. **ZONE**

and National Council**

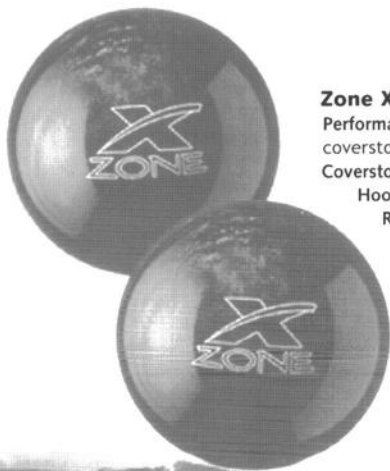

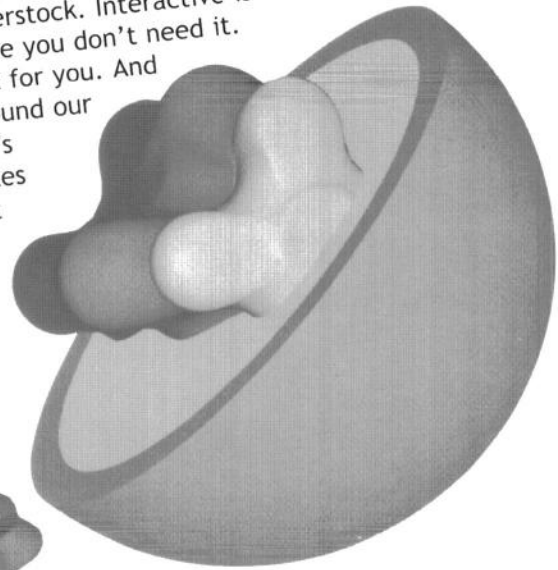

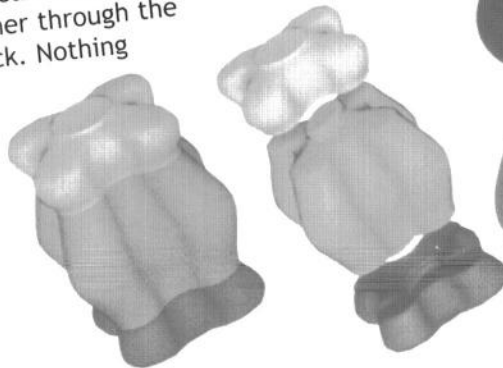

ZONIE X ZONIE X NOT FOR EVERYONE.

Ask yourself: are you a good enough player for this ball?

Now, if you had to ask, you're not. The Zone X™ series is for power players only. For those few who've achieved a high-average and have a lotta hand. You know who you are. You need a ball like the pros. You don't need a ball that hooks by itself. You need a ball that lets you control it. Because you're good enough. Aren't you?

First Reactive. Then Proactive. Now, Interactive.™ High-rev players have more hand. They need a coverstock that delivers. So we invented the Interactive coverstock. Interactive is fine-tuned to the high RPM player. It doesn't have a built-in hook, because you don't need it. Instead, it takes your input and performs. It's a whole new category. Just for you. And when you take the first Interactive coverstock in bowling and wrap it around our exclusive X-Core, the results are devastating. Combined with the X-Core's Xometric vertebrae design, the new Interactive XLR coverstock accelerates through the front-end with the clean reaction you've always needed but could never find. Nothing is cleaner through the front-end. Nothing from Brunswick. Nothing from anybody else. Got it?

THE X CORE

Zone X Mega Blue Pearl Low Differential. Best suited for: High RPM players.

Performance: Low Differential core delivers greater length and more controlled backend. Interactive coverstock offers a less violent breakpoint and cleaner front end. **Conditions:** Medium-oily to drier lanes. **Coverstock:** Interactive XLR / **Finish:** High Gloss / **Core:** X-Core Xometric LD (Low Differential) **Hook Potential:** 70 / **Length:** 175 / **Breakpoint Shape:** 80 / **RG Max:** 2.613 / **RG Min:** 2.589 **RG Diff:** 0.024 / **Avg RG (1-10):** 5.8 / **Hardness:** 78-79

Zone X Mega Blue Pearl High Differential. Best suited for: Average RPM players.

Performance: High Differential core delivers increased mid-lane reaction while maintaining a clean reaction through the front end. **Conditions:** Medium-oily to drier lanes. **Coverstock:** Interactive XLR **Finish:** High Gloss / **Core:** X-Core Xometric HD (High Differential) / **Hook Potential:** 80 / **Length:** 140 **Breakpoint Shape:** 85 / **RG Max:** 2.615 / **RG Min:** 2.562 **RG Diff:** 0.053 / **Avg RG (1-10):** 5.4 / **Hardness:** 78-79

TURN ON AN X. ZONE

ONE SIZE DOESN'T FIT ALL.

That's why we offer Zone.™ The most comprehensive, technologically advanced line of high-performance balls has something for every player and every condition. You just have to pick which Zone you want to get in.

ZONE

ZONE REACTIVE SERIES

ZONE PROACTIVE SERIES

ZONE X INTERACTIVE SERIES

REACT WITH POWER

The original. Reactive power that set the industry on fire (and caused a wave of me-too balls to follow). Though best suited for average RPM, average speed players, reactives still satisfy the widest variety of lane conditions and player types. And Brunswick still makes the most advanced reactives on the planet — Zone.

THROW LIKE A PRO

Wanna hook it like the big boys? Get a Zone Pro.™ With the greatest hook potential available, Proactive® lets you look like a power player without being one. And when conditions get oily, Proactive is the only way to go, no matter what your style. But remember, if it's not a Zone Pro, it's just a knock-off. Because Proactive is the original particle technology. And Proactive is exclusively Brunswick.

TURN ON AN X

Gotta lotta hand? Interactive™ coverstocks are for you. Wrapped around the X-Core, Interactive is fine-tuned for the high-rev player. Accelerating through the heads for the cleanest front-end in bowling. From ANY manufacturer. Breaking the myth that all things Brunswick hook at your feet. And proving once again that if it's not a Zone, it's obsolete.
